

**MARIASTEEN
YOUR SUBCONTRACTING
SPECIALIST**

OUR MISSION

Mariasteen VZW is a non-profit organization that provides sustainable employment to people with disabilities or learning difficulties.

Drawing from its Christian inspiration, it contends that each and every individual is entitled to a fulfilling and purposeful place in society, which includes the sphere of employment.

Which is why:

- our doors are open to all those who have been deprived, in the past, of employment opportunities in our geographic region;
- we give our disabled persons a chance to develop their talents in order, hopefully, to find work on the regular labour market;
- we have regard for their social and familial situation and help them when problems arise.
